CQ Field
Mining Services

Delivering the best people and services to keep your assets running.

OUR COMPANY

CQ Field Mining Services supplies qualified trade labour and specialist maintenance solutions to mine sites throughout Australia. We're a provider of choice for leading national and multinational clients operating in the mining, construction, oil and gas industries. Our knowledgeable workforce and proven expertise ensure we achieve successful and high-quality outcomes for our clients, every time.

Our full range of capabilities encompasses the provision of on-site specialist trades, as well as Project and shutdown maintenance solutions, Field and Diesel maintenance solutions and workshop repair, overhaul and fabrication services. We pride ourselves on our ability to understand the specific needs of our clients, and we're able to mobilise the best people and teams on-site efficiently and cost-effectively.

CQFMS is part of the Field Mining Services Group, together with our sister companies, WA Field Mining Services and PNG Field Mining Services. Our Group of companies was first established in Queensland in 2006 and has experienced strong and steady growth to become a major maintenance and services provider in Australasia.

POWERFUL CAPABILITY

Four specialist divisions delivering trades and maintenance solutions to match your needs

FIELD SERVICES DIVISION –

On-site field maintenance

- All day-to-day ongoing maintenance requirements

- Light to heavy fabrication
- Engineering/design drawing and certification
- Fixed plant parts fabrication
- Bucket and blade reskinning and refurbishment
- Dump truck tray repairs, refurbishment and construction
- Stainless steel and aluminium fabrication and welding
- Light machining services

A CULTURE THAT BRINGS OUT THE BEST

At CQFMS, we've built an inclusive, proactive and highly responsive culture where our people are valued, and where their commitment to quality is recognised and rewarded. We care for our people, putting them and their safety first, and we foster a cohesive and positive work environment.

Our people enjoy autonomy, flexibility and transparency, and they are supported to do their best on every site, for every client and every project.

It's this approach to people and culture that enables us to recruit such a high calibre of experienced personnel. That's why CQFMS consistently delivers experienced, reliable and high-performing people who are driven to keep your assets moving.

IN OUR INDUSTRY WE'RE KNOWN FOR:

RESPONSIVENESS

Our team on the ground and in senior management are fully accessible to clients and are able to react quickly and seamlessly to their needs.

EXPERTISE

We recruit the best people with the qualifications and experience to get the job done right, and they're overseen by leading technical experts in management roles.

"The challenge for me is maintaining optimal productivity with minimal downtime, which makes sourcing the right skilled trades really important. We look for responsive partners who understand our business challenges and ensure we get the right people to site when we need them."

— Bronson Matchett, Maintenance Manager, BHP

COMMITTED TO THE BEST SAFETY PRINCIPLES

CQFMS is certified to:

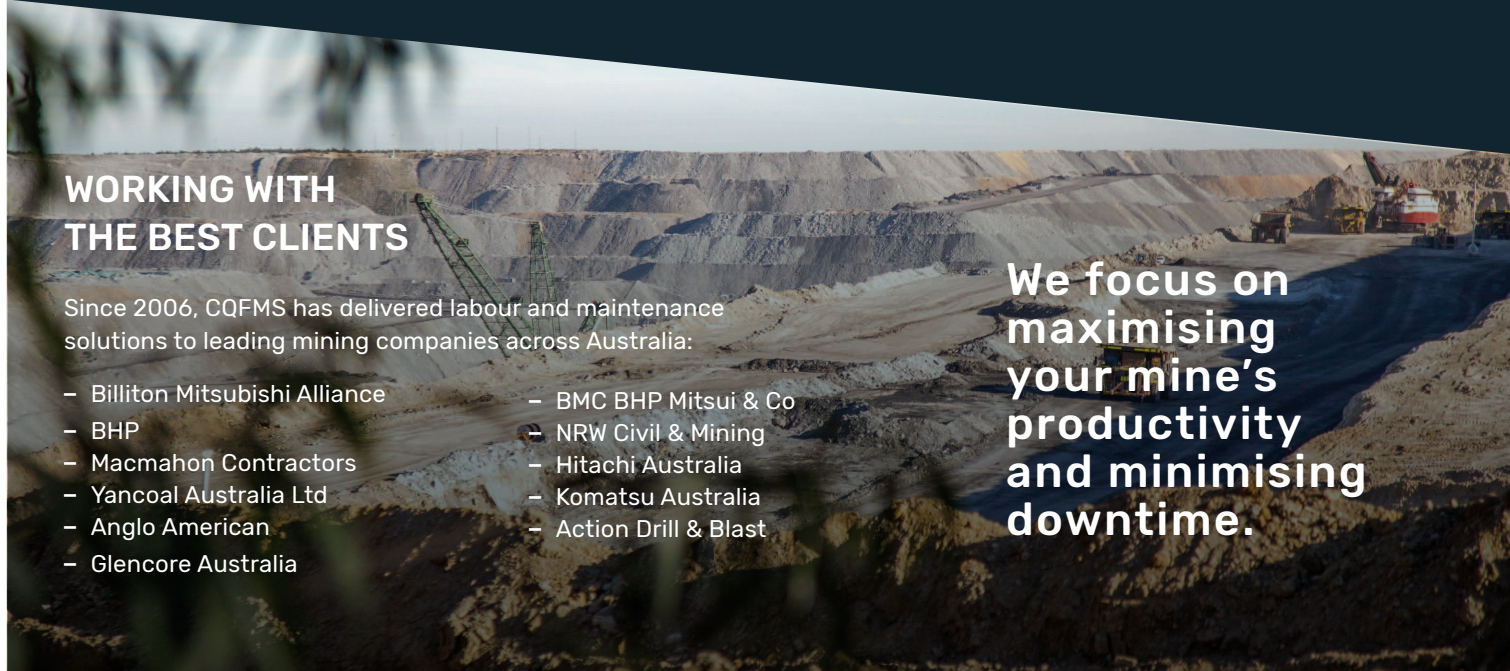

We strive for continual improvement and ZERO HARM everyday. We understand our clients' focus on safety, and this is reflected in the standards our people bring to every job. Our commitment to safety is evident across every aspect of our organisation and in every action of our people. Underpinning CQFMS's safety culture is our unique Lifesavers Program that's based on the key safety principles of compliance, communication, accountability, competency and training, and looking out for ourselves and each other.

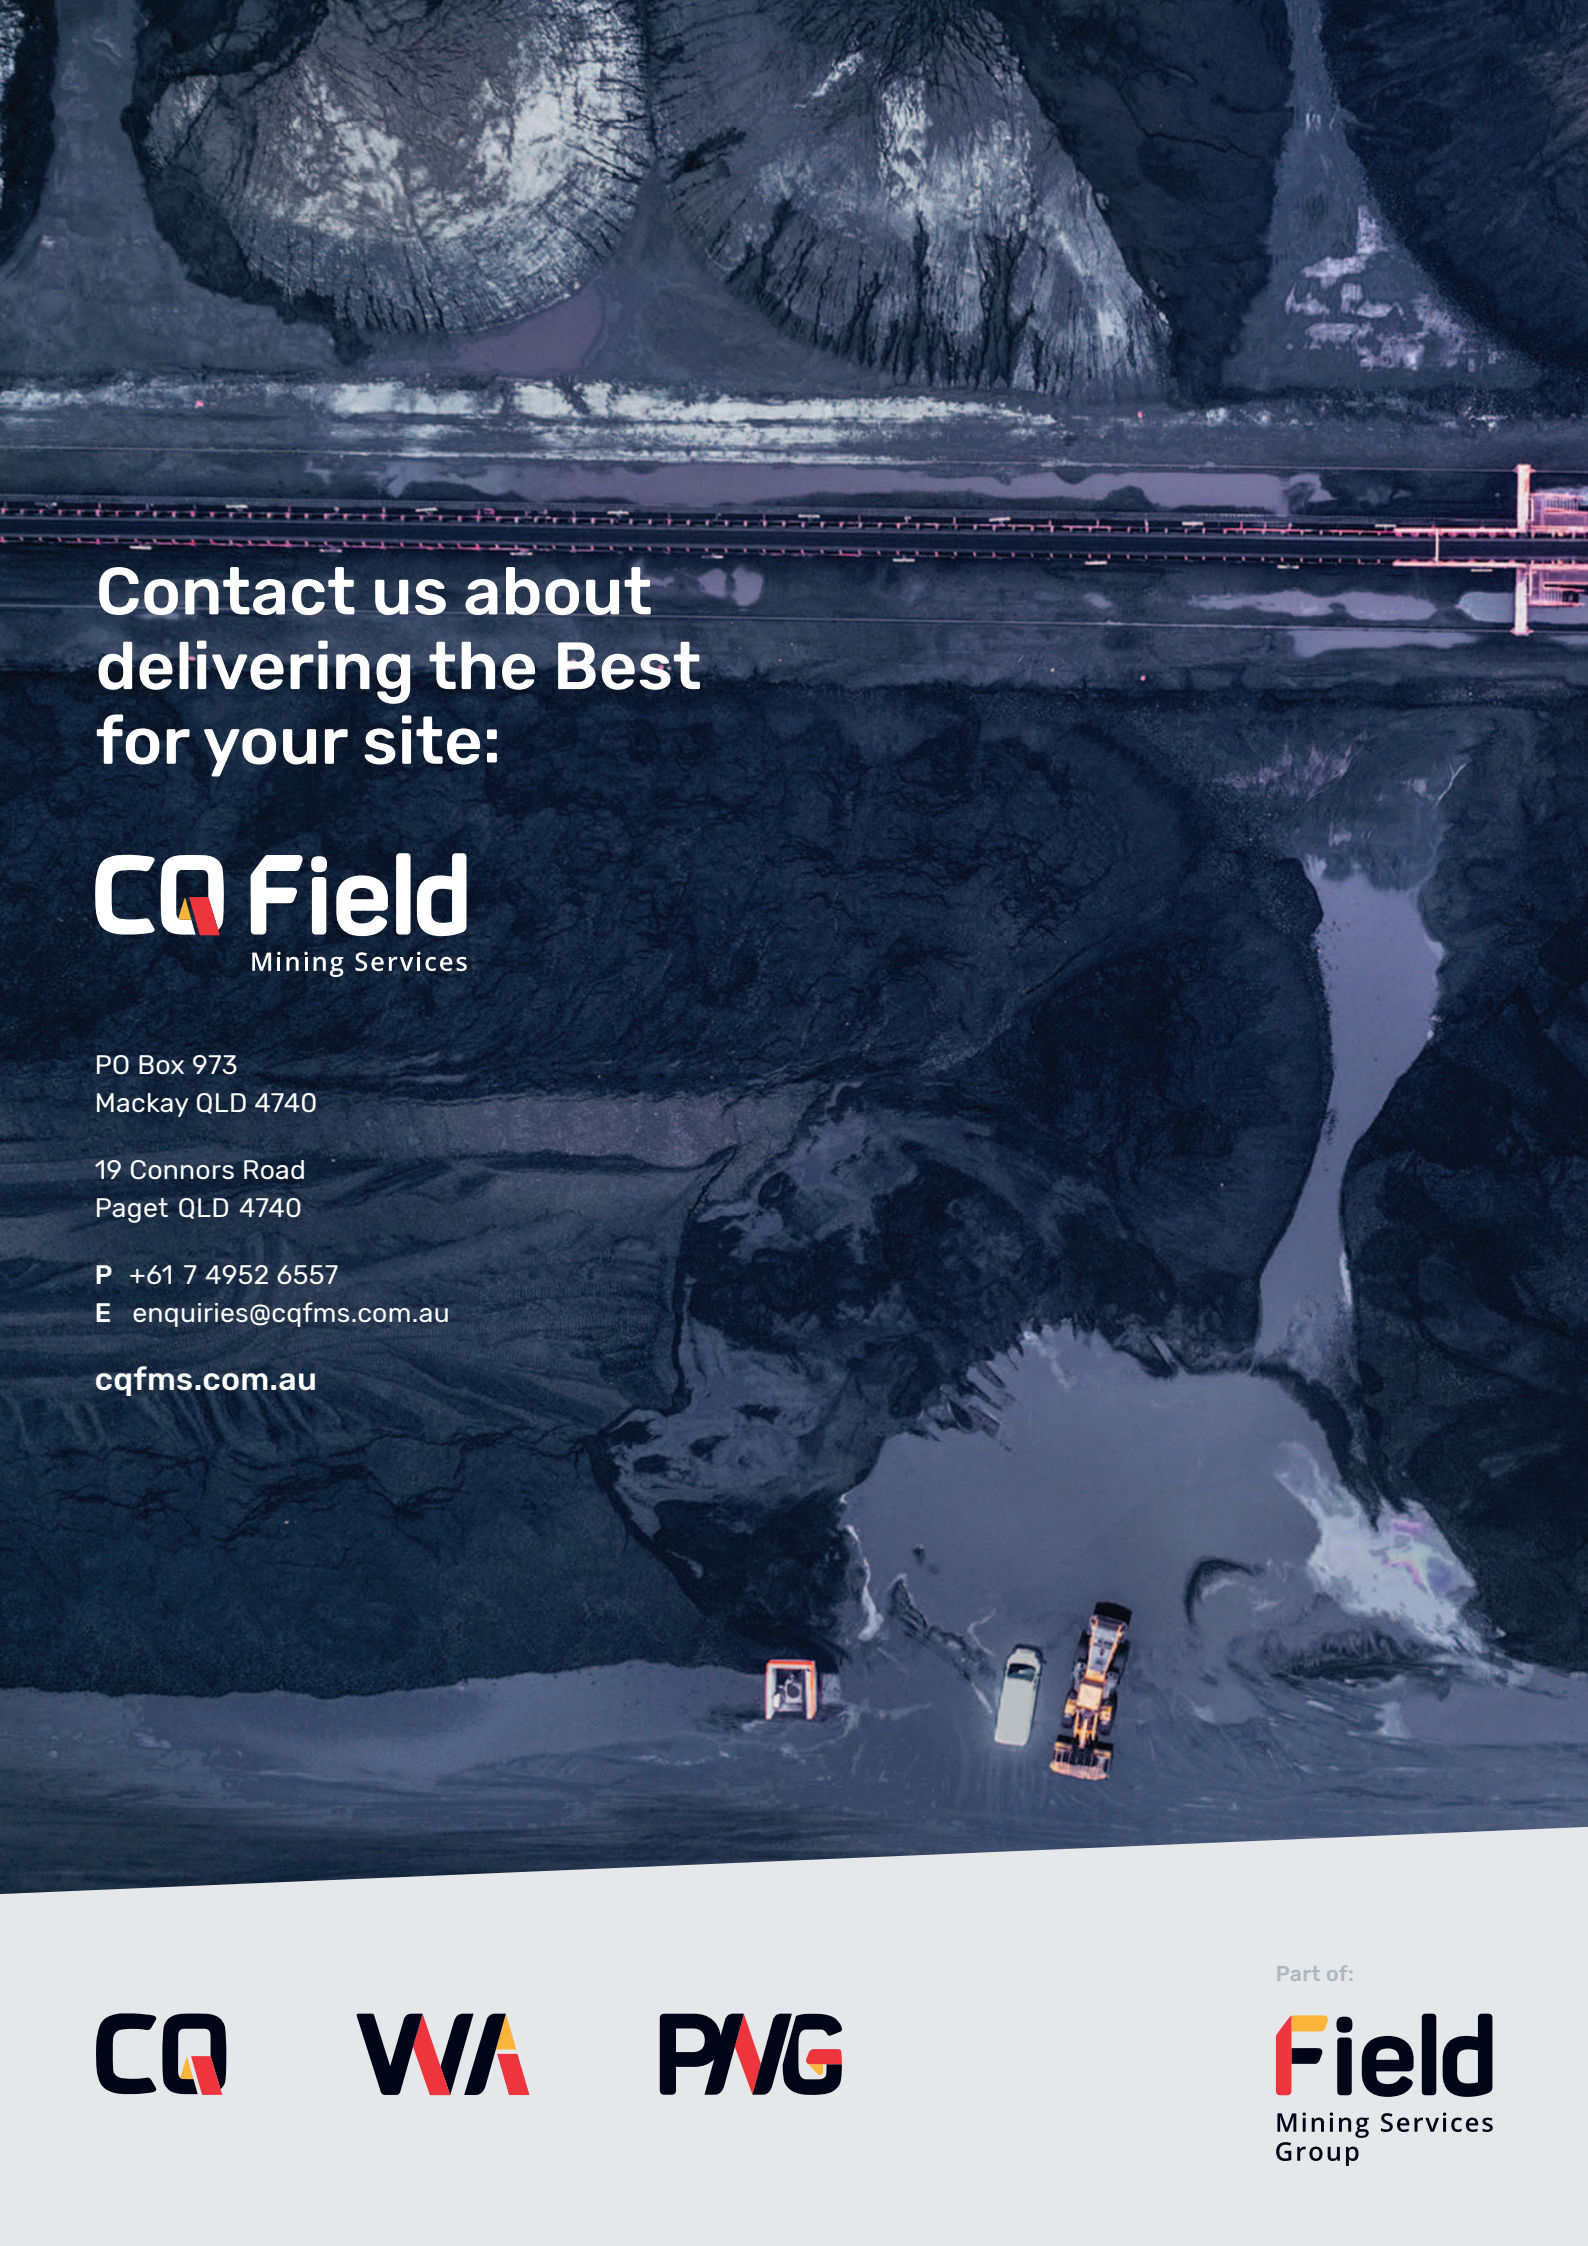

WORKING WITH THE BEST CLIENTS

Since 2006, CQFMS has delivered labour and maintenance solutions to leading mining companies across Australia:

- Billiton Mitsubishi Alliance
- BMC BHP Mitsui & Co
- BHP
- NRW Civil & Mining
- Macmahon Contractors
- Hitachi Australia
- Yancoal Australia Ltd
- Komatsu Australia
- Anglo American
- Action Drill & Blast
- Glencore Australia

We focus on maximising your mine's productivity and minimising downtime.
